INTRODUCTION

Final-year B.Tech IT student at IIMT College with a robust foundation in Machine Learning and Python Development, complemented by practical experience across web technologies. Actively explore and implement advanced AI tools and large language models to develop innovative solutions. Known for analytical thinking and a strategic approach to problem-solving, committed to delivering high-quality, impactful technology. Eager to contribute to challenging roles in AI/ML or full-stack development.

SKILLS

AI / ML: Machine Learning, Neural Networks, TensorFlow, Large Language Models

Languages: Java, Python, C++, JavaScript

Data & Libraries: Pandas, NumPy

Web Technologies: HTML, CSS, React.js

Database & OS: MySQL, Linux

Soft Skills: Communication, Collaboration, Good Listening, Observation, Problem Solving, Pressure Handling, Adaptive Nature

EXPERIENCE

AI Web Developer | Inamigos | *Jul 2026 – Aug 2026*

- Built an NGO donation platform and replicated the Inamigos website, demonstrating full-stack development skills.

Python Programming Intern | InternPe | *May 2025 – Jun 2025*

- Built foundational Python programming and problem-solving skills during a one-month internship.

PROJECTS

Human Emotion Recognition System — *Python, AI/ML*

- Designed a system that detects and displays facial expressions in real time using machine learning models.

Diabetes Prediction — *Python*

- Built a web page where users input health data to receive a diabetes risk prediction powered by an ML model.

Fake News Prediction — *Python*

- Developed a web page that classifies news articles as fake or real using natural language processing techniques.

Rock and Stone Prediction with Sonar — *Python*

- Built a system that collects sonar data and classifies objects as rock or stone using a trained classifier.

Library Management System — *Python, MySQL*

- Built a system to manage library operations — adding books, issuing to students, and tracking borrowing records.

Personal Portfolio Website — *React.js, Python*

- Built and deployed a personal portfolio to showcase skills, projects, and contact information.

EDUCATION

B.Tech — Computer Science & Engineering (IT)

IIMT College of Engineering, AKTU / *CGPA: 6.64* / *2023 – Present*

Class XII — CBSE

Army Public School, Sardar Patel Marg, Lucknow / *71.6%* / *2022 – 2023*

Class X — CBSE

Army Public School, Sardar Patel Marg, Lucknow / *91.4%* / *2020 – 2021*
